DISPUTES

Except as otherwise provided in this Subcontract, any dispute concerning a question of fact arising under this Subcontract, shall be decided by the LBNL Chief Financial Officer, or designee. Such decision shall be reduced to writing and a copy thereof mailed or otherwise furnished to the Subcontractor. Within 30 days after date of receipt of such copy, Subcontractor may notify the University in writing of its disagreement with the University's decision and, in the absence of such notice, the University's decision shall be final. The Subcontractor may pursue any right or remedy it may have, at law or in equity, in any court of competent jurisdiction. Pending resolution of such action, the Subcontractor shall proceed diligently with the performance of the Subcontract in accordance with the University's decision.

Only actual travel costs will be paid in accordance with the Federal Travel Regulations and Berkeley Laboratory Travel policies, attached, as needed. Any Foreign Travel (any travel outside of Canada and the United States and its territories and possessions) will require prior written approval by LBNL and DOE.

CONFLICT OF INTEREST

Subcontractor recognizes that University is a prime contractor of the Government and will obtain assurances that the assigned individual will refrain from activities on behalf of the University and the Government which could be interpreted as creating a conflict of interest for him.

Subcontractor warrants and represents that to the best of its knowledge there exists no direct or indirect private interest of the assigned individual (including corporate stockholdings or other business agreements and obligations) which is, or may appear to be incompatible with the assigned individual's services under this Agreement and that the assigned individual is not concurrently performing work on a full time annual employment basis with any other organization under a cost type contract with DOE.

Subcontractor agrees to have the assigned individual avoid any activities influencing decisions on behalf of the University (including participation in proposal, design, or negotiation phases of University procurements) which directly or indirectly affect the interest of the University or Government where the assigned individual has a personal interest in the matter which may be incompatible with the interest of the University and Government, and to promptly notify the University regarding any change in either the assigned individual's private interest or other services under this Agreement which may result or appear to result in a conflict of interest.

CONDUCT OF THE ASSIGNED INDIVIDUALS

Subcontractor will assure that the assigned individual will comply with the following standards of conduct:

Gratuities. The assigned individual shall not, under circumstances which might reasonably be interpreted as an attempt to influence the recipients in the conduct of their duties, accept any gratuity or special favor from individuals or organizations with whom the University is doing business, or proposing to do business, in accomplishing the work under this Agreement.

Use of privileged information. The assigned individual shall not use for personal gain or make other improper use of privileged information which is acquired in connection with their work under this Agreement. In this connection, the term "privileged information" includes, but is not limited to, unpublished information relating to technological and scientific developments; medical, personnel or security records of individuals; anticipated materials requirements or pricing actions; possible new sites for DOE program operations; and knowledge of selections of contractors or subcontractors in advance of official announcement.

Incompatibility between regular duties and private interests. The assigned individual shall not be permitted to make or influence any decisions on behalf of the University which directly or indirectly affect the interest of the Government if the assigned individual's personal concern in the matter may be incompatible with the interest of the Government.

PRICING OF ADJUSTMENTS

When costs are a factor in any determination of a Subcontract price adjustment pursuant to the "Changes" clause or any other provision of this Subcontract, such costs shall be in accordance with the contract cost principles and procedures in Part 31 of the Federal Acquisition Regulation (48 CFR Part 31), as supplemented or modified by DEAR Part 931 (48 CFR Part 931) then in effect.

RIGHT TO INVENTIONS

The University may have the right of election to any subject inventions which are conceived and/or first reduced to practice under this Subcontract in accordance with DOE Class Waiver No W(C)-90-014. When Waiver No W(C)-90-014 is deemed to apply, the University shall notify the assigned personnel of the University's right of election to any subject inventions. Further, upon request from the University's Procurement representative, the assigned personnel shall obtain, complete, and return a Guest Patent Agreement to the Berkeley Lab Receptionist Center, Building 65, or as otherwise directed by the University.

RELEASE, PUBLICATION AND USE OF DATA

(Applicable to Subcontracts involving production of computer software. When applicable, the Subcontractor shall include this clause in its subcontracts at any tier.)

The Subcontractor agrees not to establish claim to copyright in computer software first produced in the performance of this Subcontract without prior written permission being granted by the DOE Patent Counsel. The DOE Patent Counsel shall specify appropriate terms, conditions, and submission requirements to assure utilization, dissemination, and commercialization of the data. The Subcontractor, when requested, shall promptly deliver to the DOE Patent Counsel, a duly executed and approved instrument fully confirming all rights to which the Government is entitled.

WORK ON UNIVERSITY OR GOVERNMENT PREMISES

(Applicable to Subcontracts involving Subcontractor's performance at University or Government-owned sites or facilities.)

(a) **Liens.** The Subcontractor agrees that, at any time upon the request of the University, it will submit a sworn statement setting forth

the services performed or goods furnished by lower-tier subcontractors and the amount due and to become due to each, and that before the final payment called for hereunder, it will, if requested, submit to the University a complete set of vouchers showing what payments have been made for goods and labor used in connection with the work called for hereunder.

(b) Indemnify and Hold Harmless.

(1) The Subcontractor shall indemnify and hold harmless the University and the Government from all claims, demands, causes of action, or suits, of whatever nature, arising out of the services, labor, and goods furnished by the Subcontractor or its lower-tier subcontractors under the subcontract, and from all laborers', materialmen's, and mechanics' liens upon the real property upon which the work is located or any other property of the University or the Government; and

(2) Promptly notify the University, in writing, of any such claims, demands, causes of action, or suits brought to its attention. The Subcontractor shall forward with such notification copies of all pertinent papers received by the Subcontractor with respect to any such claims, demands, causes of action, suits, or liens and, at the request of the University, shall do all things and execute and deliver all appropriate documents and assignments in favor of the University or the Government of all the Subcontractor's rights and claims growing out of such asserted claims as will enable the University and the Government to protect their respective interests by litigation or other means. The final payment shall not be made until the Subcontractor, if required, shall deliver to the University a complete release of all liens arising out of the subcontract or receipts in full in lieu thereof, as the University may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and goods for which a lien could be filed; but the Subcontractor may, if any lower-tier subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the University to indemnify it against any claim by lien or other means. If any lien or claim remains unsatisfied after all payments are made, the Subcontractor shall refund to the University all moneys that the latter may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorney's fees.

(c) Cleaning Up. The Subcontract shall at all times keep University or Government premises and adjoining premises where the work is performed free from accumulations of waste material or rubbish caused by its employees, work of its employees, or work of any of its lower-tier subcontractors; and, at the completion of the work, it shall remove all rubbish from and about the buildings and all of its and its lower-tier subcontractors' tools, scaffolding, and surplus materials and shall leave the work area "broom clean" or its equivalent, unless more exactly specified. In cases of a dispute between the Subcontractor and its lower-tier subcontractors employed on or about the structure or structures upon which the work is to be done, as herein provided, as to responsibility for the removal of the rubbish, or, in case the same is not promptly removed as herein required, the University may remove the rubbish and charge the cost to the Subcontractor.

(d) Employees.

(1) The Subcontractor shall not employ for the work any unfit person or anyone not skilled in the work assigned to the person and shall devote only its best qualified personnel to work under the subcontract. Should the University deem anyone employed on the work incompetent or unfit for duty and so inform the Subcontractor, the Subcontractor shall remove such person from the work under the subcontract, and that person shall not again, without written permission of the University, be assigned to work under the subcontract.

(2) It is understood that if employees of the University shall perform any acts for the purpose of discharging the responsibility undertaken by the Subcontractor hereunder, whether requested to perform such acts by the Subcontractor or not, such employees of the University

while performing such acts shall be considered the agents and servants of the Subcontractor subject to the exclusive control of the Subcontractor.

(e) Insurance. The Subcontractor shall maintain with reputable companies insurance in amounts required under the subcontract sufficient to protect the University and the Government from any and all public liability and Workmen's Compensation claims at all times during the performance of the subcontract. If requested, the Subcontractor shall supply the University with one copy of certificates of insurance covering policies required hereunder and shall obtain satisfactory evidence of lower-tier subcontractors' compliance with these provisions before their participation in the work. In the absence of more specific direction from the University, the Subcontractor shall maintain additional insurance to the extent consistent with sound business practice.

(f) Environment, Safety, Health, and Fire Protection.

(1) The Subcontractor shall take all reasonable precautions in the performance of the work under this subcontract to protect the health and safety of employees and members of the public; minimize danger from all hazards to life and property; and, to the extent compliance is required, shall comply with all health, safety, fire protection, and environmental regulations and requirements, including reporting requirements, of the University and DOE. The University shall notify the Subcontractor in writing of any noncompliance with the provisions of this clause and the corrective action to be taken. After receipt of such notice, the Subcontractor shall immediately take corrective action. This corrective action shall include, at a minimum, that the Subcontractor submit a management program and implementation plan to the University for review and approval within 30 days after the date of award of this subcontract. In the event that the Subcontractor fails to comply with said regulations or requirements of the University or the DOE, the University may, without prejudice to any other legal or contractual rights of the University, issue a stop-work order stopping all or any part of the work; thereafter, a start order for resumption of the work may be issued at the discretion of the University. The Subcontractor shall make no claim for an extension of time or for compensation or damages by reason of or in connection with such work stoppage.

(2) The Subcontractor shall take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon University or Government premises. Such measures and precautions shall include, but shall not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on University or Government premises which could be dangerous and to prevent accidents of any kind whenever work is being performed in proximity to any moving or operating machinery, equipment, or facilities, whether such machinery, equipment, or facilities are the property of or are being operated by the Subcontractor, its lower-tier subcontractors, the University, or other persons.

SAFETY MANAGEMENT PLAN AND REPORTING

(Applicable to Subcontractors with ten or more employees working at University or Government-owned sites or facilities [herein called LBNL Site] except for work involving construction and contract labor when Subcontractor's employees receive specific task assignments from University employees.)

(a) Subcontractor shall, upon award of the Subcontract, submit a copy of Subcontractor's Safety Management Plan for University approval to LBNL's EH&S Field Support Department, MS 90-1140. Subcontract work may not begin at the LBNL site until approval of the plan has been given by the University's EH&S Field Support Department. The Safety Management Plan shall satisfy, as a minimum, the requirements for the Injury and Illness Prevention Program required by Cal-OSHA General Industry Safety Orders §3203. University approval of this plan shall be considered as meeting DOE requirements for Integrated

Safety Management. University approval of the plan is for the purpose of verifying that the plan meets University requirements and is not an endorsement of the adequacy of the plan for protecting Subcontractor's employees from all occupational injuries and illness cases. Assuring the safety and health of Subcontractor's employees shall at all times remain the responsibility of the Subcontractor.

(b) Subcontractor shall report all injuries to Subcontractor's employees that qualify for inclusion on Subcontractor's Cal-OSHA log to the University within 10 days of occurrence of the injury. Subcontractor shall furnish a copy of its supplemental injury report form (OSHA form 101 or equivalent) for each such case. This report shall be mailed to the LBNL SAAR Office, Health Services, MS 26-109. In addition, serious injuries resulting in death or hospitalization shall be reported by telephone immediately to the LBNL Health Services Receptionist, (510) 486-6266.

(c) Subcontractor shall report to the University the hours worked by Subcontractor's employees on the LBNL Site on a quarterly basis. For each quarter, the hours worked shall be reported in writing no later than the 10th day of the month following the end of the quarter. This report shall be mailed to the LBNL SAAR Office, Health Services, MS 26-109.

LIMITATION OF SCOPE

ENTIRE AGREEMENT AND ORDER OF PRECEDENCE
